Printers

Fix PostScript Errors and Printing Issues on Large Format Printers & Plotters

If users are experiencing difficulties spooling jobs to a large format postscript printer, you may need to "Print to Image" to flatten the image prior to printing.

In Acrobat:

Print > Advanced > Check Print as Image

Also, see: https://helpx.adobe.com/acrobat/kb/printing-complex-pdfs-acrobat.html

In FoxIT:

Print > Check Print as Image
